DENTIST APPOINTMENT WITH YOUR CHILD CHECKUP

- **healthy milk teeth** and permanent teeth are very important
- diseased and sick teeth put **your child's health** at risk
- absolutely necessary: **2x per year dentist checkup**
(even if the child is not in pain)
- choose a dentist and ask if the dentist has a **contract with your Krankenkasse** (GKK, SVA, etc) so that no costs can arise for you
- visit **stmk.zahnaerztekammer.at** and find a dentist under „Zahnarztsuche“
- make **an appointment** for your child
- if you are not able to keep your appointment it is **important to cancel the appointment in time** and arrange a new date
- please be **on time** for the appointment
- whenever you are at the dentist's ask if **further appointments** are necessary

DENTIST APPOINTMENT WITH YOUR CHILD WHEN IN PAIN

- If your child is **in pain** (swelling, etc...) please see a dentist right away
- We recommend to go to the dentist **as soon as the doctor's office is open** or go to the pain department of the dental clinic at the hospital (Landeskrankenhaus)
- In case of emergencies on **weekends and bank holidays** a special team of dental-emergency-service is available for you. Learn more about who these dentists are on **0316 818111** or on **stmk.zahnaerztekammer.at** under Zahnärztenotdienst.
