

Tips on how to behave for retail firms

Stadt Graz

Hauptplatz 1
8011 Graz

Protect yourself, your employees and your customers from being infected with coronavirus!

Use **Perspex panes** and spacing arrangements for tills and counters.

Use **gloves** and hand sanitiser.

Regularly disinfect till, ATM, food counter and other premises.

Big crowd of shoppers?

Limit the number of people in your shop with a sign on the door (for instance: admission only for a maximum of 5 people at any one time!)

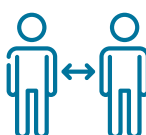

Mark the floor at tills and counters so that your customers stand further apart.

Give preference to **payment by card**.

Customer cards should not be scanned by employees.

Keep your distance from other people:
at least 1 metre – better 3 metres – even better 5 metres
